Two citations of specimen catalog numbers are incorrect. The catalog number of the holotype of *Paraedwardsia heia* is CAS 175217, not CAS 15217 as given in the caption to Figure 9. The catalog number for the figured paratype of *Edwardsia mcmurrichi* was erroneously cited in the caption to Figure 6 as CAS 175328; the correct catalog number for that specimen is CAS 175238.
