The author extends his bounteous thanks to his family for fostering his frivolity, to all the members of the Auckland Branch of the New Zealand Entomological Society for their patience and good cheer, to Birgit Rhode for all the really good photographs in this book (the rather less brilliant ones are by the author), and to Zhi-Qiang Zhang for bringing the anthology into printed form. And a special thank you to the erstwhile Fifth floor femmes of Mt Albert—Carolyn, Tam, Cath and Melissa—without whose laughter and encouragement none of this silliness need ever have happened.
