Abstract

Seven new species of *Helicopsyche* (*Feropsyche*) Johanson 2002 (Helicopsychidae) are described from Mexico (*H. curvipalpia* new species), Panama (*H. blantoni* new species, *H. chiriquensis* new species, *H. linguata* new species, and *H. sanblasensis* new species), and Brazil (*H. paprockii* new species and *H. cipoensis* new species) based on adult material borrowed from the National Museum of Natural History (Smithsonian Institution), Washington, D. C. and the Illinois Natural History Survey, Champaign, Illinois, USA. New records are given for *H. sinuata* Denning & Blickle from Mexico, and *H. incisa* Ross and *H. woldai* Johanson from Panama.
