

## Proceedings of the 16th International Echinoderm Conference

TATSUO OJI, TOSHIHIKO FUJITA, TATSUO MOTOKAWA, MIÉKO KOMATSU,  
YUKIO AGATSUMA & KEN'ICHI KANAZAWA (Eds)

### Table of contents

- 5 **New reports of echinoderms on the Caribbean continental slope of central America**  
SERGIO CAMBRONERO-SOLANO, ROSARIO BENAVIDES MORERA, FRANCISCO A. SOLÍS-  
MARÍN & JUAN JOSE ALVARADO
- 13 **Ophiuroid locomotion from fundamental structures to integrated systems**  
ELIZABETH G. CLARK
- 23 **Estimating survival in echinoid populations**  
THOMAS A. EBERT, JOSÉ CARLOS HERNÁNDEZ & SABRINA CLEMENTE
- 33 **A field guide to coastal echinoderms of the Kerguelen Islands**  
JEAN-PIERRE FERL, ELIE POULIN, CHANTAL DE RIDDER & THOMAS SAUCEDE
- 44 **Reinterpretation of the enigmatic Ordovician genus *Bolboporites* (Echinodermata)**  
EMERIC GILLET, BERTRAND LEFEBVRE, VERONIQUE GARDIEN, EMILIE STEIMETZ,  
CHRISTOPHE DURLET & FREDERIC MARIN
- 71 **Arrangement and size variation of intra-gonadal offspring in an asynchronous viviparous asterinid sea star**  
MOHAMMAD SADEQUR RAHMAN KHAN, CAMILLA MARIE WHITTINGTON, MICHAEL  
BADEN THOMPSON & MARIA BYRNE
- 83 **A project for analyzing the ecology and phylogeny of western Pacific echinoids**  
KEN'ICHI KANAZAWA, MASAYA SAITOH, NORIO WAKAYAMA, MASAMI OBUCHI, SHU  
NAKACHI & ANDREAS KROH
- 88 **Crinoids lived around the Cretaceous seeps: the second example from cold-seep eeposit in the Yezo Group in Hokkaido, Japan**  
MOE KATO
- 98 **First evidence of autofluorescence of a cell mass in developing temnopleurid sea urchins**  
CHISATO KITAZAWA & AKIRA YAMANAMA
- 106 **New wheel microfossils of Ophiocistioidea and Holothuroidea (Echinodermata) from Japan**  
AKITO OGAWA, YUI TAKAHASHI & TOSHIHIKO FUJITA
- 115 **First report of the mitrate *Lagynocystis* (Echinodermata: Stylophora) in the Ordovician of the Baltic paleobasin**  
SERGEY V. ROZHNOV, GEORGY V. MIRANTSEV & SERGEY S. TERENCEV
- 123 **The echinoid fauna from middle and southern Japan: a preliminary report**  
MASAYA SAITOH, ANDREAS KROH, SHU NAKACHI, MASAMI OBUCHI, YUKI KIYONO &  
KEN'ICHI KANAZAWA

- 129 **Two partial mitochondrial gene sequences (COI and 12S-rRNA) suggested that *Ceramaster japonicus* (Sladen, 1889) and *Ceramaster patagonicus* (Sladen, 1889) (Asteroidea: Goniasteridae) from the Japanese waters are probably of the same species**  
DAVIN H. E. SETIAMARGA, RENA SHIBA, YUKI KAMITO, NAZIFA NAZIHA BT. RAZALI, MASAKI YAMAMOTO, MIKIHITO ARAI, TOSHIHIKO FUJITA & CHRISTOPHER L. MAH
- 141 **First record of symbiosis of the brittle star *Ophiocnemis marmorata* (Echinodermata: Ophiuroidea: Ophiotrichidae) on jellyfish of the genus *Rhopilema* (Cnidaria: Scyphozoa) in Vietnamese waters**  
BORIS I. SIRENKO, IGOR S. SMIRNOV, SOFIA D. STEPANJANTS, OLEG P. POLTARUHA, OLEG V. SAVINKIN
- 146 **Comparison of 2D SEM imaging with 3D micro-tomographic imaging for phylogenetic inference in brittle stars (Echinodermata: Ophiuroidea)**  
SABINE STÖHR, ELIZABETH G. CLARK, SIMON A.F. DARROCH & BEN THUY
- 159 **A geometric morphometric analysis of *Arachnoides placenta* (Echinoidea: Clypeasteroidea): an examination of ontogenetic development and morphological variation**  
ROBERT E. SWISHER & JIH-PAI LIN
- 172 **Combined visualization of echinoderm hard and soft parts using contrast-enhanced micro-computed tomography**  
ALEXANDER ZIEGLER
- 192 **Effective DNA extraction methods for mitochondrial phylogenomics of the sea urchins**  
NORIO WAKAYAMA, YUKI KIYONO, NATSUKI MATSUMOTO, MASAYA SAITOH & KEN'ICHI KANAZAWA
- 203 **First observation of the "double-faced X-framed cup ossicle" extracted from a deep sea holothurian in Japan**  
YUSUKE YAMANA, TAKESHI HAYASHIBARA, MASAKI YAMAMOTO & DAVIN H. E. SETIAMARGA
- 212 **Experimental hybridization of sympatric temnopleurid sea urchins living in Yamaguchi, Japan**  
AKIRA YAMANAKA, YUKI TAKUWA & CHISATO KITAZAWA
