EVAN S.H. QUAH & L. LEE GRISMER (2025) Skink stargazing: On the status and taxonomy of the *Sphenomorphus stellatus* complex (Boulenger, 1900) in Borneo, with the description of a new species (Squamata: Scincidae). *Zootaxa*, 5609 (2): 193–214.

In the recent description of the new Bornean skink *Sphenomorphus striatafaucium*, the catalog number of the holotype was reported as FMNH 138554 but should have been FMNH 138544.
