EINAV LAZAR, CATHERINE S. MCFADDEN, DOROTHÉE HUCHON & YEHUDA BENAYAHU (2025) Redescription of type material of the genus *Cladiella* Gray, 1869 (Octocorallia, Malacalcyonacea, Cladiellidae) from the Red Sea. *Zootaxa*, 5674 (1): 1–84.

An incorrect version of the plate illustrating the sclerites of colony base of *Cladiella globulifera* Klunzinger, 1877, holotype, ZMB Cni 1873 has been identified. The correct version of Fig. 23A–C on page 38 is provided below:

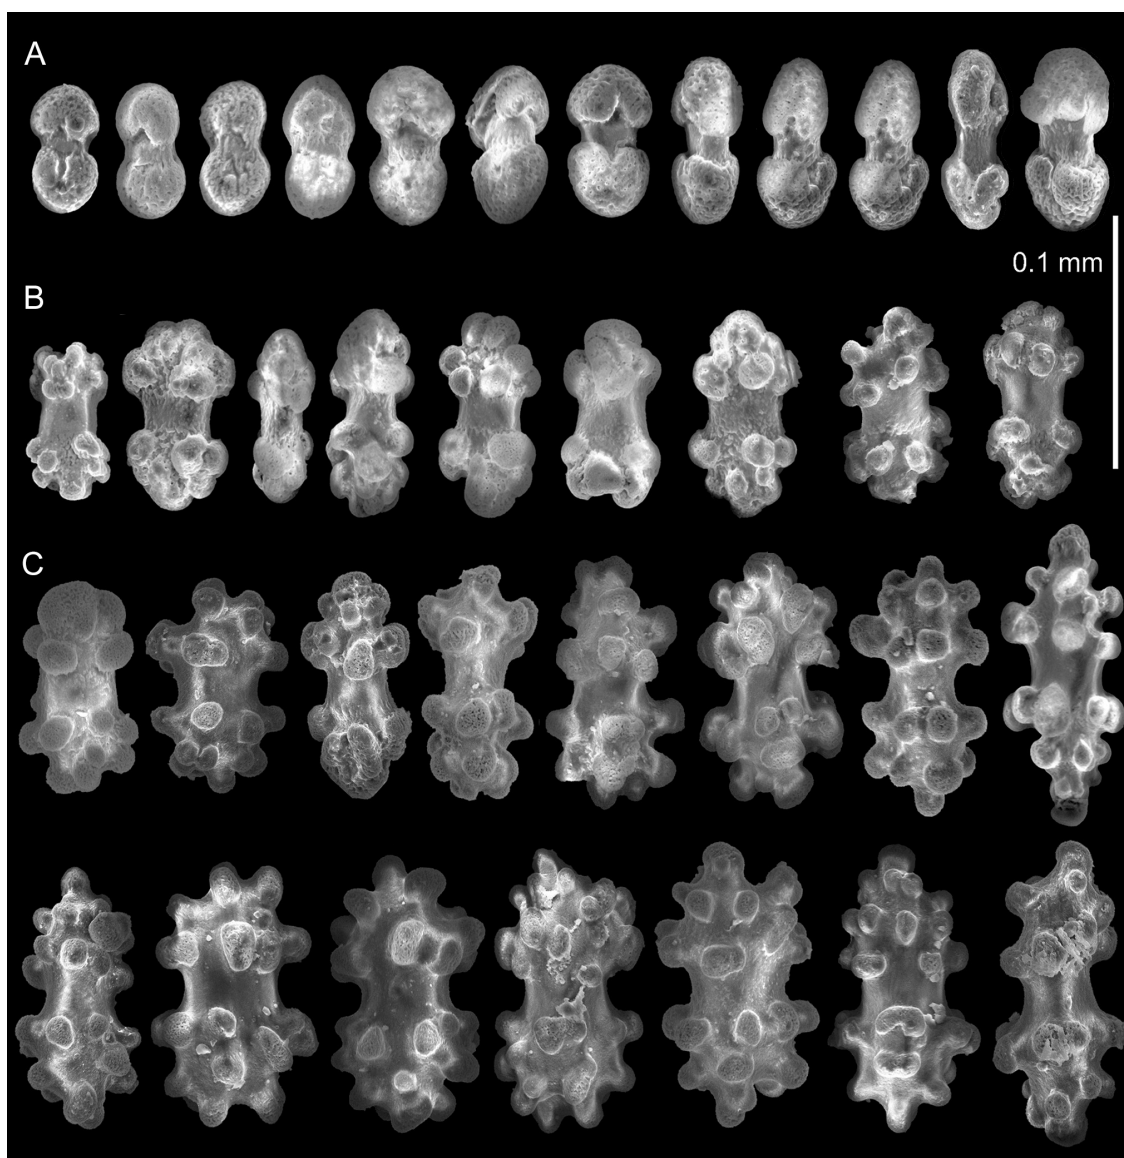

FIGURE 23. *Cladiella globulifera* Klunzinger, 1877, holotype, ZMB Cni 1873. Scanning electron micrographs of colony base sclerites. A. Poorly developed dumbbells of the surface of colony base. B. Double-head sclerites of the surface of the colony base. C. Dumbbells from the interior of the base..
