- 4 **Paleogene insects: fossil discoveries illuminating post-extinction terrestrial ecosystems**
CHEN-YANG CAI
- 8 **Description of the female of *Aradus superstes* Germar & Berendt, 1856 from the Eocene Baltic amber (Hemiptera: Aradidae)**
DANY AZAR
- 13 ***Danolestes moelleri* gen. et sp. nov., the first lestoid (Zygoptera: Odonata) from the early Ypresian Fur Formation of Denmark shows faunistic affinity to South America**
THOMAS J. SIMONSEN, S. BRUCE ARCHIBALD, JAN A. RASMUSSEN, RENÉ L. SYLVESTERSEN,
KENT OLSEN & JESSICA L. WARE
- 21 **New insect assemblage from the early Oligocene in Ningming Basin, Guangxi, China**
YEHAO WANG, ANDRÉ NEL, CHENYANG CAI, YANZHE FU, QI LIU, GUANGCHUN ZENG,
XINNENG LIAN & DIYING HUANG
- 36 **The male of the pentatomoid bug genus *Chinchekoala* from the Ypresian of Patagonia, Argentina**
JULIÁN FERNANDO PETRULEVIČIUS
- 42 **The oldest representative of sciarid genus *Leptosciarella* (Diptera) from the lowermost Eocene amber of Oise (France)**
FLORENCE HEBERT, VALERIE NGO MULLER & ANDRE NEL
- 53 **First Keroplatidae Robsonomyiini (Diptera: Sciaroidea) from the Lowermost Eocene Oise amber (France)**
FLORENCE HEBERT, VALERIE NGÔ MULLER & ANDRE NEL
- 60 **Synchrotron X-ray tomography reveals a new genus of tropiduchid planthopper (Hemiptera: Fulgoromorpha) from Eocene Baltic amber**
MATHIEU BODERAU, ANCHENG PENG, CORENTIN JOUAULT & ANDRÉ NEL
- 69 **Two new Paleogene insect fossil localities in southern Henan Province, central China**
ZI-JIE NI, ANDRÉ NEL, GAO-ZHE JI & DI-YING HUANG
- 75 **The first occurrence of water boatmen family Micronectidae (Nepomorpha: Corixoidea) in Eocene Baltic amber**
MATHIEU BODERAU, ANCHENG PENG, CHRISTEL HOFFEINS, YANZHE FU & ANDRÉ NEL
